On Time Performance (OTP)

In March, on time performance for MVgo was **93%**. New weekday schedules were implemented on Monday, March 11, 2024, and we saw an immediate increase in on time performance (OTP), particularly on the routes that were having issues previously. We are expecting to see overall OTP continue to rise and stay at or above 90%.

On-Time performance data is gathered from the TripShot app, which provides accurate GPS data for the shuttles and records the arrival and departure times at stops along each route.

A shuttle is considered On Time if it arrives between 1 minute early to 5 minutes late of the scheduled arrival time.

Compliments/Complaints

- Rider complained that she is missing the shuttle due to the train being 1 or 2 minutes late and bus is pulling away as she gets to the shuttle zone.
 - Drivers were reminded of the protocols that state they are to wait for 5 minutes when a train is in the station.
