

Explore new commute options and get rewarded!

How does SmartCommute work? Let's get started!

✓ Register your account

- Registering is quick and easy! Click on the link below and look for the “Sign Up” button in the top right-hand corner.
- [Smart Commute Registration](#)
- If registering from a browser once completed, you can navigate to the Account page and press the button “Get the Mobile App”
- If registering from the app, just download the VTACommute app from either the IOS or Google Play store.

✓ Make MVgo your Primary Network

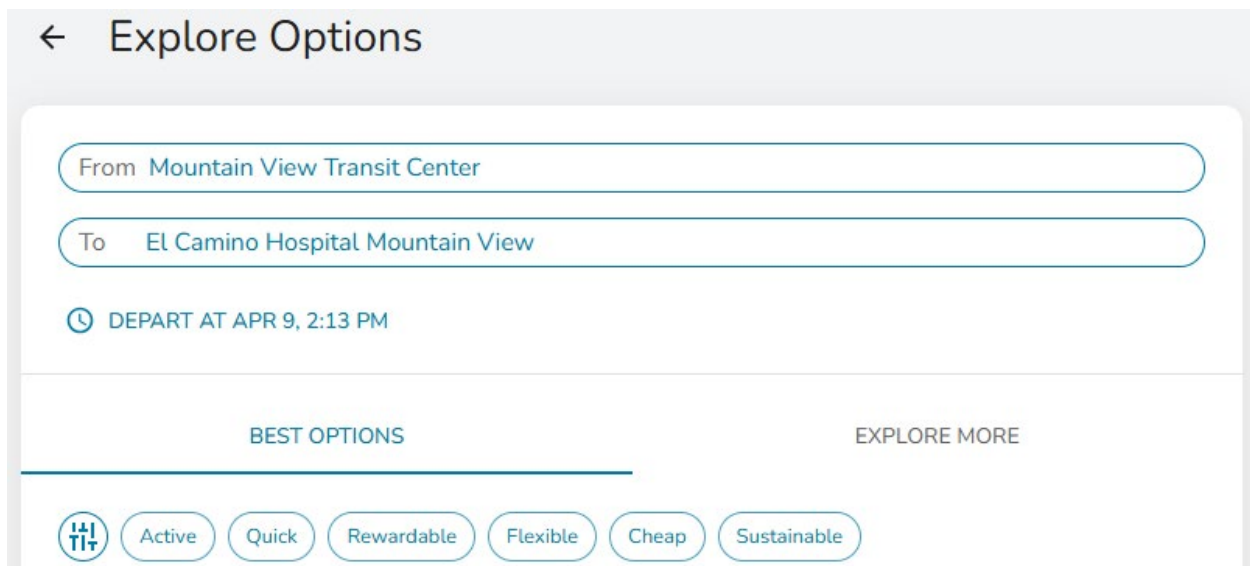

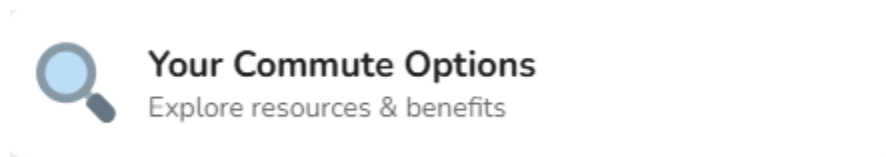

- Use the link: <https://smartcommute.vta.org/s/mvgo>. This will allow you to join the MVgo network.
- To view your current primary network settings, click on Account > Networks>Subnetworks
- Under SCVTA SmartCommute select MVgo as your primary network. By selecting MVgo as your primary network, you will not only earn MVgo points, but you will also earn points from SCVTA for redemption of rewards.

✓ View your Dashboard

- From your dashboard, you can set up your daily commute, explore commute options, and log your completed trips to earn points for rewards.

✓ Trip Planning (Commute Options)

- Search and view all your sustainable travel options. This includes transit, carpool ride-matching, vanpool, walking, and biking.
- Input your start to finish destination and use filters such as quickest route or most active mode of transportation.
- When using Transit as an option don't forget to Open Maps so you can see all your options included free fares, closest stops and fastest routes.

✓ **Trip Logging**

- ✓ Log your trips and earn rewards!
- ✓ Go to Log>Create Triplog
